FUSION QbD® – LICENSE CONCEPT

AUTOMATION MODES IN FMD, FMV AND FPD

Fusion QbD® is a registered trademark of S-Matrix Corporation. The company is represented around the world by authorized distributors. Cromingo e.K. represents S-Matrix in all german-speaking countries and Central Europe.

Fusion Modul

CDS Support

Instrument Support

Agilent LCs * (EMP & CM)

Waters Alliance/Acquity (EMP)

Thermo Vanquish & Ultimate (CM)

FMD/FMV

FPD

GC, CE, any not supported instrument, ...

Data Exchange still possible, but FMD features are missing:

- Automated Trend Responses
- Chromatography Features/Templates
- Resolution Map Response
- Creation of Instrument Methods
- Peak Tracking
- Prediction Chromatograms

FPD without Data Exchange / Fusion Pro, Manual Data Input possible
 Special Fusion Characteristics: Fully Automated Generation of Statistical Design Models and Data Analysis, Robustness Simulation for Entire Experimental Region

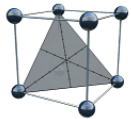

Platform License (Workstation or Network)

User Licenses

FMD

FMV

FPD

System/Data Exchange Licenses

Waters Systems
(Empower)

Thermo Systems
(Chromeleon)

Support Packs for Individual Systems

Agilent Systems
(Empower/Chromeleon)

SFC: UPC2 (Empower)

Support & Maintenance Agreement (SMA) – Annual Fee Calculated Based on Present License Deployment

Cromingo e.K. – All Fusion QbD products and services from a single source in close collaboration with S-Matrix Corporation.
